MEDICAL CLINIC | OUR EXPERIENCE MAKES YOURS

How it works

You apply* for an interest free or low interest payment option to cover your purchase or treatment plan following your medical consultation with our practitioner. The application takes less than 5 minutes and is completed online.

As soon as your application is approved by the credit provider, we will make arrangements for your treatment. The credit provider will arrange to settle your bill with the clinic directly on your behalf and you then have an arranged affordable monthly Direct Debit through the credit provider. It's as simple as that!

How much can I borrow?

Finance is available for treatments costing from £500. The minimum loan amount is variable, based on the term. All loans are subject to an online approval process*. The decision is instant and once approved the treatment can proceed.

Can I add further treatment costs if required?

Yes, there are a few ways this can be done depending on where you are at with your existing application/agreement. If any further treatment is needed please speak to reception to discuss your options.

Why choose Carefree Credit?

We are an ethically minded company where the needs of our client are always a priority. We offer a way of spreading your bills or purchases over affordable monthly payments. For example, over 6 months it costs you nothing more than if you were to pay in full on the day of purchase and you avoid the high interest rates associated with credit cards.
