Dr Xavier G Clinic

Award for Excellence in Non-Surgical Facial Aesthetics - UK

Dr Xavier G. Medi-Spa Clinic (Southampton) winner in Healthcare & Pharmaceutical Awards 2015

Dr Xavier's medical cosmetic, hair and weight loss clinic on Queens Terrace, Southampton has been announced as winner of the **Award for Excellence in Non-Surgical Facial Aesthetics UK** – at the Healthcare & Pharmaceutical Awards 2015.

These prestigious awards, announced by GHP Magazine in November, recognise the fantastic work being done in the medical and wellness sectors worldwide.

Heather Ryan, Awards Co-ordinator, said:

“GHP believe that there are few industries that can boast the wealth of brilliant and forward-thinking firms found in these industries, not to mention the undeniably life-changing results produced in almost every sector on a daily basis and these awards put the spotlight on the shining stars in this truly diverse industry. Selecting these luminaries is the result of a rigorous judging process carried out by our dedicated awards team, during which we leave no stone unturned to ensure that all winners are chosen purely on merit.”

Martin MacKenzie, Clinic Director at Dr Xavier's added;

“We are delighted to win this award. These awards help to promote and celebrate high standards in an otherwise pretty unregulated industry because they help to focus on excellence in patient care. I would like to thank our team for their contribution to our success and of course thank our loyal clients without whom our award would just not be possible.”

END

NOTES TO EDITOR

About Dr Xavier's Medi-Spa Clinic

The clinic was established 10 years ago by Dr Xavier and has been voted best UK clinic and finalists a number of times since then. The clinic has become one of Hampshire's largest doctor-led medical clinics that specialises in cosmetic skin treatments, skin conditions, medical weight-loss as well as laser hair removal and laser hair restoration (for balding).

Dr Xavier is a past Board member of the British College of Aesthetic Medicine (BCAM) and the clinic's senior nurse is Elisabeth Bardolph, is past and founding President of the British Association of Cosmetic Nurses (BACN). The clinic has become one of Hampshire's largest doctor-led medical clinics that specialises in cosmetic skin treatments, skin conditions, medical weight-loss as well as laser hair removal and laser hair restoration (for balding).
